DETAILED ACTION

Election/Restrictions

1. This application contains claims directed to the following patentably distinct species of the claimed invention: *Species (A) directs to an optical film, an adhesive layer and a repetitive prism structure wherein the difference in refractive indexes of the film and the adhesive layer is 0.1 or less. This species is readable in claims 1-11; Species (B) directs to an optical film, an adhesive layer and a repetitive prism structure wherein both film and the adhesive layer have refractive indexes of not lower than 1.49. This species is readable in claims 12-25; and Species (C) directs to an optical film having an average in-plane retardation not larger than 30 nm, an adhesive layer and a repetitive prism structure wherein the difference in refractive indexes of the film and the adhesive layer is 0.12 or less. This species is readable in claims 26-38.*

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. *Currently, there is not any generic claim.*

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include
